

From Mission To Mission Response To COVID-19

Dear FMTM Friends,

During this time of concern, FMTM is prioritizing the health and well being of our program participants and staff, and doing our part in supporting our local health officials and government leaders as they work to contain the COVID-19 virus.

We continue to monitor updates on the virus and are making decisions with guidance from the CDC and our local Department of Health.

At the moment we are working with programs to reschedule and/or adapt upcoming Spring programming to online as needed. If you or someone you know in mission is in need of support, please continue to contact us via email, phone and website.

Please keep FMTM and the missionaries and volunteers we support in your thoughts and prayers, as well as all of our brothers and sisters here in the U.S. and around the world. Below are some helpful resources and prayers gathered by members of our mission community as we continue to lift each other and our world up.

Be well and stay healthy,
